How It Works

1. **Sign up for free**
   Log in at redboxrx.ca and click Sign up in 2 minutes.
2. **Tell us what you keep**
   Give us the drug names and quantities you want on hand.
3. **Track**
   MediTrack logs every item and monitors all expiry dates.
4. **Report**
   Staff scan the kit's QR code to report any mismatch.
5. **Replace and stay ready**
   Replacements ship automatically. Kits stay ready.

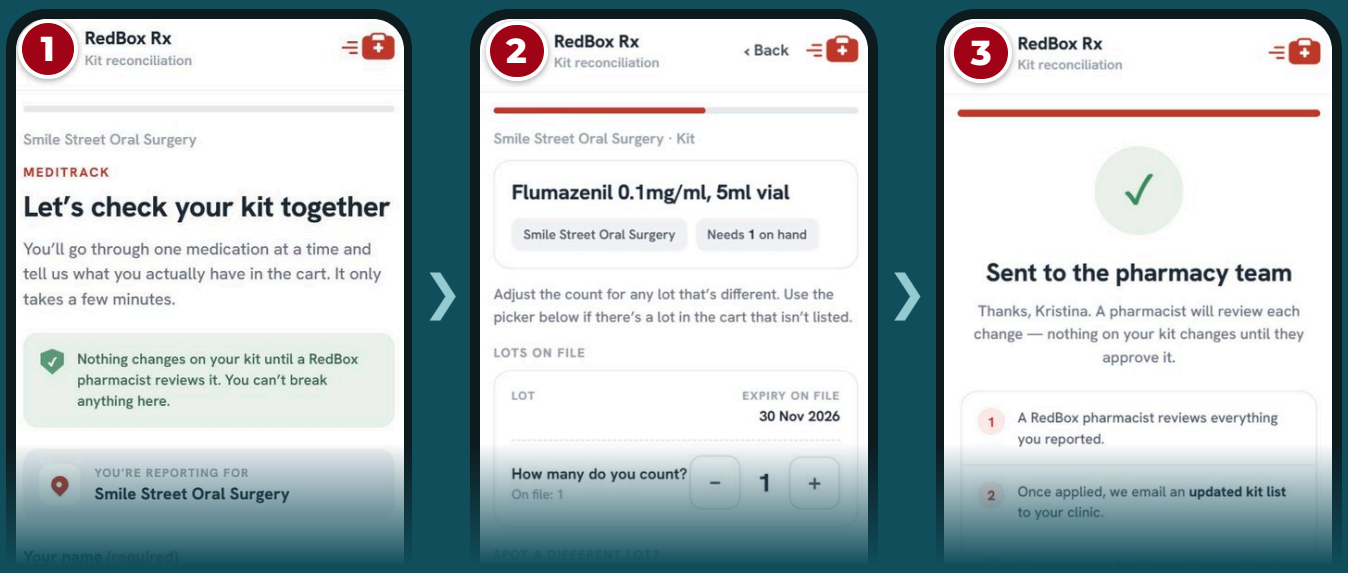
Why Clinics Choose MediTrack

- Nurses report kit changes in seconds
- No more manual expiry tracking
- Compliance with College standards
- No expired or missing emergency drugs
- Staff hours back for patient care
- Less liability, predictable inventory costs
- Recall notices and replacement included

INCLUDED: THE MEDITRACK APP

Missing something? Scan, report, done.

Every MediTrack kit carries its own QR code. Your nurses scan it with their phone and report any count or lot that doesn't match.



Scan
Get a QR code just for your clinic.

Report
Adjust any count or lot that doesn't match.

Restock
Get your replenishment and updated kit list.
